GREEK WARRIORS WILL MOBILIZE

King Signs Decree for Assembling
of Forces; French Airmen Sink
Turk Transport and Brit-
ish Sub. Scores

By United Press.

London, Sept. 24.—Greece has answered the Bulgarian calls to arms by a general mobilization order and an ultimatum that will tumble the Balkans into the world war may flash over the wires before night.

Greece intends to stand by Serbia and Roumania is expected to make a similar move. Bulgaria is completing her war preparations.

By United Press.

Petrograd, Sept. 24.—Official dispatches received today claim brilliant victories for the Slavs on both ends of the long battle front.

The reports state that Gen. Ruzsky has beaten back the German forces that were attempting to approach the Dwina river southeast of Riga and that Gen. Ivanoff captured four villages from the Austrians.

A big battle is reported to be developing southwest of Dvinsk.

The Russian military authorities regard the withdrawal from the very difficult position near Vilna, which for a time seriously menaced a large army, as virtually completed. They assert the Germans have lost 250,000 men in their recent operations in this region.

Greeks to Mobilize.

By United Press.

Paris, Sept. 24.—Dispatches from Athens say the Greek cabinet decided yesterday that an order for the mobilization of the army should be issued. The dispatches did not state when the decree was to be promulgated. All Bulgarian officers in France departed for home today.

Report Not Confirmed.

By United Press.

London, Sept. 24.—The Bulgarian legation here was unable to confirm the report that the mobilization order had been recalled.

Attaches of the legation said they could imagine no development which would cause the Bulgarian ruler to cancel the decree.

British Steamer Subbed.

By United Press.

London, Sept. 24.—The British steamer Chancellor was destroyed by a submarine, according to announcement made today.

Only part of the members of the crew were saved. Boats are searching for the missing.

Prince Killed in Fighting.

By United Press.

Vienna, Sept. 24.—Prince Frederick of Thurn and Taxis was killed Monday in the fighting in Galicia, according to reports from the front today.

King Signs Decree.

By United Press.

Athens, Sept. 24.—King Constantine today signed the decree for the general mobilization of the Greek land forces.

Parliament was summoned to meet Wednesday to vote military measures. The government is expected to take over the railroads to facilitate the mobilization of troops. Premier Venizelos summoned all political leaders for a conference tonight.

Turks Lose Transports.

By United Press.

Paris, Sept. 24.—Dispatches received here today state that French aviators sank a Turkish transport in the Dardanelles and that a British submarine sank two other vessels of the same kind.

Cranwell Back from Canadian Bridge Site

County Surveyor H. A. Cranwell came in this morning from the Canadian, where he has been doing the preliminary work upon the matter of estimating the cost of building the bridge which Grady and Canadian counties will probably construct jointly across that stream and which will be, when completed, a part of the state highway which is to traverse this county from south to north.

Mr. Cranwell stated this morning that just as soon as the rains cease he will take the soundings and be ready to make his report to the commissioners of the two counties upon the cost of the proposed structure.

TEN SONS SENT BY MOTHER

BY WILBUR S. FORREST.
(United Press Staff Correspondent.)

London, Sept. 10.—(By mail.—The mother's record in this war is held by Mrs. Mary Bury of Loughrea, County Galway, Ireland.

She has given ten sons to the British army. Five are dead in France. One lies in a hospital recovering from wounds. One is a prisoner in Germany. One remains fighting and another is nursing a right arm shattered by a bullet.

This is not all of Mrs. Bury's fighting family. She has a daughter, Mrs. Mary Casey, Romford, England. Mrs. Casey's husband is one of Romford's 2000 fighting men at the front. Several weeks ago, Mrs. Casey supported her large family of small children with the aid of two brothers-in-law. Now they have gone to war and she is struggling on alone.

What Mrs. Mary Bury and Mrs. Mary Casey have suffered in England's greatest crisis is the story of hundreds of the working classes in the British Isles. A similar story can be told in a smaller way from the mansions of British aristocracy and from the "casualties" of the middle classes. But it does not leave the sting of poverty that confronts Mrs. Mary Bury of County Galway and her sisters of the lower classes. She will suffer until her body is planted in Irish soil and with her, thousands of other women whose husbands have left the spade and shovel. If conscription comes in Great Britain it will not find the husbands, brothers and sons of the Mary Buries and Mary Caseys among the "slackers."

The laboring element is becoming gradually the scarcest element in Britain. Cities, towns and villages alike have emptied their houses and streets. These men are today in the majority in northern France, the Dardanelles and other theaters of war. The upper and middle classes are in the hopeless numerical minority.

There is one obscure little street in Walworth, a suburb of South London, that tells the tale. This street is in the heart of the "working" locality. It is called "Trafalgar street," and is simply a two rows of 150 small brick houses and shops built closely together. The war office has distributed cards of honor for every family that sends a man to the army. There are 195 cards of honor in the windows of these little shops and houses. Children play with cocked hats and wooden guns in the narrow street. About half of them will never see their fathers again. They will go into the factories their fathers left as soon as their arms are strong enough.

The war has brought all British classes together—in the trenches. It has brought all classes at home down to the same plane—during the war, but what is to become of the Mrs. Buries and Mrs. Caseys after the war, is a question that is hard to answer.

WELL PLEASED WITH FAIR.

W. A. Bryant, commissioner from the first district, arrived in the city today from his home at Pocomas. Mr. Bryant says the people in his portion of the county are loud in their praises of the Grady county fair and that all who participated in this year's exhibits will more than likely be on hand again next fall with larger and better displays.

THROUGH RAIN FOR LICENSE.

Rain had no terrors for the young man who came in all the way from Bradley for a marriage license this afternoon. Realizing that the good book possibly spoke the truth when it said it was not good for man to live alone—nor woman—George Bassett, aged 21, of Bradley, sought and was granted a license to wed Miss Lila Byer, aged 18, of Bradley.

CITIZENS GIVE LAND FOR ROAD

In order that their town may not be left out of the north and south state highway, property owners residing south of Rush Springs have deeded land to the county for road purposes.

Rush Springs lies between two section lines and with the highway following either of these lines would be left half a mile of the same. In order that the road may be deflected into the town, property owners for a half mile north and for two miles south of there have executed deeds as above mentioned.

By following the proposed line, along this deeded right of way, the highway will offset from the section line to a point half a mile north of the town, from whence it will run south, through the town, and to a point two miles south, from which latter point it will return to the regular route along the section line.

In addition to this it is understood that the First National bank of Rush Springs will deed to the county a plot of between a quarter and a half an acre to be used for road purposes and for the construction of an attractive little park.

A. K. Swan, assistant county attorney, has drafted the deeds to the right of way and H. A. Cranwell, county weigher, will go to Rush Springs within the next few days for the purpose of mapping out the highway—thirty-three feet wide—and establishing grades.

LIBERTY BELL MAY COME HERE

An effort upon the part of the business men of Chickasha, acting in conjunction with the Commercial and Farm Bureau of the county, is taking form, looking to the routing of the Liberty Bell through Chickasha upon its return from the San Francisco exposition to its home in Philadelphia, after it shall have left Dallas.

The routing of the homeward trip of the bell has practically been settled insofar as its passage through El Paso, San Antonio, Waco and Dallas are concerned, according to general rumor. From Dallas on the routing has not been arranged.

The proposition which the business men of Chickasha propose to submit will call for the co-operation of a number of Oklahoma and Texas cities. As it will be proposed the bell, which will probably be routed from Waco to Dallas via the I. & G. N., will after leaving Dallas, travel via the H. & T. C. to Denison, thence via the Katy to Durant, thence via the same line to McAlester, thence to chance to the C. R. & F., thence via that line to Shawnee, Oklahoma City, on to Chickasha and thence southward into Ft. Worth.

Ed Johns, who is taking a most active interest in the matter, stated this morning that he felt that before time for bringing the bell to Dallas, some time in December, the plan to have it pass through Chickasha and other Oklahoma cities would be well formulated and in good working trim. Mr. Johns stated further that he felt all other Oklahoma cities through which the proposed routing might be made, would join with Chickasha in its efforts.

PRIVATE IS KILLED IN FIGHTING

Band of Mexicans Cross River in
Darkness and Surprise Ten
Sleeping Soldiers; Bandits
Escaped into Bushes

75 SURROUNDED AND BATTLE CONTINUES

Lynching Feared if Marauders are
Captured; Villa Victories in
Northern Sonora and Around
Capital are Reported

By United Press.

Brownsville, Tex., Sept. 24.—Private Butterfield was killed and Capt. Anderson was wounded in a fight with Mexicans near Progress this morning.

According to the meagre reports received here a small detachment was surrounded and in danger of annihilation until reinforced.

Soldiers from Mercedes are searching for the Mexicans who scattered into the brush. The telephone wires between Mercedes and the river were cut, rendering communication difficult.

Ten Mexicans were killed and five wounded in a fight with county officers near the Hidalgo-Starr county line. The fighting was still in progress at noon. No American fatalities were reported.

Thirty Mexicans crossed the river during the darkness last night, eluding the guards and attacked ten sleeping soldiers. The soldiers deserted their guns and fled.

Mercedes is excited and a lynching is feared if the Mexicans are captured. Seventy-five Mexicans are reported to be surrounded in the brush and fighting continues.

Villistas Victorious.

By United Press.

Washington, Sept. 24.—Consular dispatches received today describe Villista victories in northern Sonora and around Mexico City.

The Villistas under Gen. Maytorena have driven the Carranzistas under Calles entirely out of northern Sonora, it is claimed.

The Zapatistas are apparently trying to isolate Mexico City. They are attempting to dynamite trains and kill guards between there and Vera Cruz.

CITY CLOCK SUCCESSOR OF TOWER

Council Plans to Put Time Teller
on Hall; Gives Authority to
Mayor; Insurance Adjust-
ment Approved

The city legislators met in regular session in the council chamber at the city hall last evening. Mayor Coffman, all members of the council, except DuBose, absent from the city, Clerk Reynolds, Treasurer Clark, Attorney Grigsby were present.

The matter of the settlement which the mayor reported he had effected with the adjusters of the insurance companies, through the mediation of C. H. Overby of the Bates Adjustment company, was taken up and approved by the council.

Upon motion it was decided that Mayor Coffman be instructed to arrange for the necessary repair work upon the structure, to employ the needed labor, to buy the required material and to supervise, in conjunction with the building committee, the work. The building committee having supervisory direction with the mayor is composed of the following membership: Cavett, Caneman, McKay, Neal. Upon motion of Caneman, it was decided, in reconstructing the room of the city hall to eliminate the tower, or dome, and to place in its stead a regular town clock, provided the clock could be bought at a price within the range of reason.

The motion carried authority with it for the mayor to act in the matter of ascertaining the cost of the clock and the necessary accessories and to install same provided the cost did not exceed the amount of funds on hand available for this purpose.

Mayor Coffman stated to the council, in this connection, that he felt the amount saved by not replacing the antiquated dome would be sufficient to cover the cost of the clock, together with the charges of installation of the same.

The meeting last night was a very short one, all business being transacted and adjournment taken in half an hour's time.

Bills and statements of current expenses will come before the council at the next regular meeting of that body.

BOYS AND GIRLS GET PREMIUMS

Mrs. Coryell reports the following list of prize winners in the girls' and boys' clubs exhibiting at the county fair:

Best Bread—Two entries. First prize, Alice Brooker, aged 15, Pocomas; second prize, Winnie Reynolds, aged 14, Chickasha. Entries consisted of one loaf light bread, six biscuits, six cookies.

Canning—(Five entries.) First prize, Winnie Reynolds, aged 14, Chickasha; second prize, Jessie Bruner, aged 13, Rush Springs; third prize, Lonas Humphrey, aged 13, Chickasha; fourth prize, Lavilla Raines, aged 16, Chickasha; fifth prize, Leonora Duncan, aged 17, Amber.

Exhibits in the canning department consisted of 6 cans fruit, assorted varieties; 6 cans vegetables and 6 glasses of jellies.

The girl or boy who won first prize in any of the above contests is entitled to a week at the school to be conducted at the state fair by the A. & M. College, with all expenses paid.

Winners of the second prizes may attend the short course to be conducted at the A. & M. college at Stillwater during December or January, all expenses to be paid.

BIDS HIGH FOR MEET

By United Press.

New York, Sept. 24.—A hall costing one hundred thousand dollars, with a capacity of twenty thousand, and a "bed for every Democrat," is the offer of Dallas for the Democratic national convention in 1916, according to Mayor Henry D. Lindsey of Dallas, who is here to present the claims of his city.

"The south wants the national Democratic convention," said Mayor Lindsey. We have not had one since 1860," the mayor added.

TRADES PARADE ON TAP SATURDAY AT 2:30 P. M.

Unless the remainder of the bottom drops out of the weeping skies the trades parade will be postponed according to re-schedule tomorrow (Saturday) afternoon at 2:30, by the new town clock which the members of the city council will shortly install at the city hall building. Pending the arrival of the clock you may gather the information from your fingers.

The parade was to have taken place Wednesday afternoon. But with the drawing near of the hour scheduled for the starting out of the floats, the autos, the horseback riders, the motor cycles, the foot passengers, etc., Col. Jupiter Pluvius proceeded to pour

Strong Competition for Grady at Fair

A phone message received at the offices of the Commercial and Farm Bureau from O. C. Cooper, county demonstration agent of Grady county, states that the exhibits from this county are being put into place and are receiving much favorable comment from those in charge of other counties' exhibits at the state fair.

Mr. Cooper stated that while he thought it more than probable that Grady county would walk away with some of the prizes, yet she would have some very hard competition. He stated that Tulsa, Caddo and Pottawatomie counties had some extra fine exhibits which had arrived in the best possible condition and which were being displayed to the greatest possible advantage.

"BALL UP" IN BABIES CONTEST

The better babies' contest now remains the only undecided "exhibit" of the Grady county fair. And so it has remained since the filling in of the last score card on Tuesday afternoon.

When the decision will be handed forth to the world announcing whose is the most perfect baby in Grady county, none can tell. The corps of doctors who had the eugenic-baby matter in hands have managed to get things into a delightful tangle which promises to develop into a medico-controversy as to who shall ultimately pass upon the score cards and name the winner.

Secretary Cavett of the fair association states that he regrets very much the condition things have gotten into in this particular department and says that the members of the association may take a hand in straightening the matter out.

Pending any action which may be taken in the matter of untangling the tangle, the baby question still remains in statu quo.

SENTENCE FIVE MEN

By United Press.

Corpus Christi, Tex., Sept. 24.—Federal Judge Burns today sentenced five men who were convicted of election frauds.

August Uehlinger, Edward Castleberry and Henry Stevens were given a year and one day each in the federal prison at Leavenworth and also fined \$5000 each.

Thomas Dunn and Lee Riggs received six months in the county jail at Victoria and fines of \$2500 each.

Notice of appeal was given in each case. The bonds of Uehlinger, Castleberry and Stevens were fixed at \$12,500 each, while Dunn and Riggs were required to furnish bonds to the amount of \$5000 each.

SALOONS AND CHURCHES.
